

Secondary Geography Network 2023-24

19 June 2024

Join geography leaders across Hampshire and the south coast at the summer term subject network event.

Hosted at the Ordnance Survey offices in Southampton, this afternoon session will involve a workshop promoting the use of geographical information systems (GIS) for local and school grounds fieldwork. Make sure you bring your laptop and comfortable shoes as we will undertake data collection around the site and use GIS to present and interpret data.

The primary aims of the subject network meetings are to:

- Ensure a clear understanding of the national picture and its application in local and school contexts.
- Support effective subject leadership as appropriate to each school's individual context.
- Develop skills, expertise and capacity within school subject leaders and their teams through quality strategic CPD and the sharing of good practice.
- Deepen understanding of subject specific pedagogy and knowledge that underpins good progress and attainment for ALL pupils.
- Facilitate school to school networking and develop strength across the system.

Common agenda items for these meetings:

- Development of subject specific knowledge and an understanding of strong progression and sequencing.
- Enhancing subject leadership.
- Structuring Key Stage 4 to ensure pupils are well prepared for the next phase of their education.
- Providing high quality Key Stage 3 provision that builds successfully on Key Stage 2.
- Ensuring all pupils, including the most vulnerable (SEN and PP) are able to make excellent progress.
- Sharing good practice and work.
